Speedlink trigger snap shackle - Universal eye - T4 - L: 134 mm

Part #2666

Description

Wichard is renewing its range of Speedlink trigger snap shackles with a major innovation: the SafeLock function. Thanks to a lock integrated into the body of the snap shackle, sailors now bene_ t from a double-locking system that prevents accidental openings caused by sudden sail movements. The overall design and ergonomics have been optimized to make opening and closing operations even easier. This new Speedlink range also delivers outstanding working and breaking loads, along with exceptional corrosion resistance.

SafeLock feature : main benefits

- Prevents accidental opening
- Ergonomic design for easier operations
- Easy operation even with gloves
- Optimized dimensions
- Unique design

Applications

Halyards, sheets, spinnaker, peeling
Tack point

Technical information

	Materials	HR stainless steel grade
	Length (mm)	134
	Working load (kg)	4300
	Breaking load (kg)	8700
	Weight (g)	359
	A (mm)	25
	B (mm)	26

Caption

Working load (WL) : for nautical applications

Working Load Limit (WLL): for industrial applications only.
The safety factor is 5 times the breaking load.
WLL = Breaking load / 5
